RESILIENT SUSTAINABLE BUSINESS (RSB) PROGRAM 2026

Empowering Growth-Stage African Enterprises
and individuals to scale for Profit and Purpose.

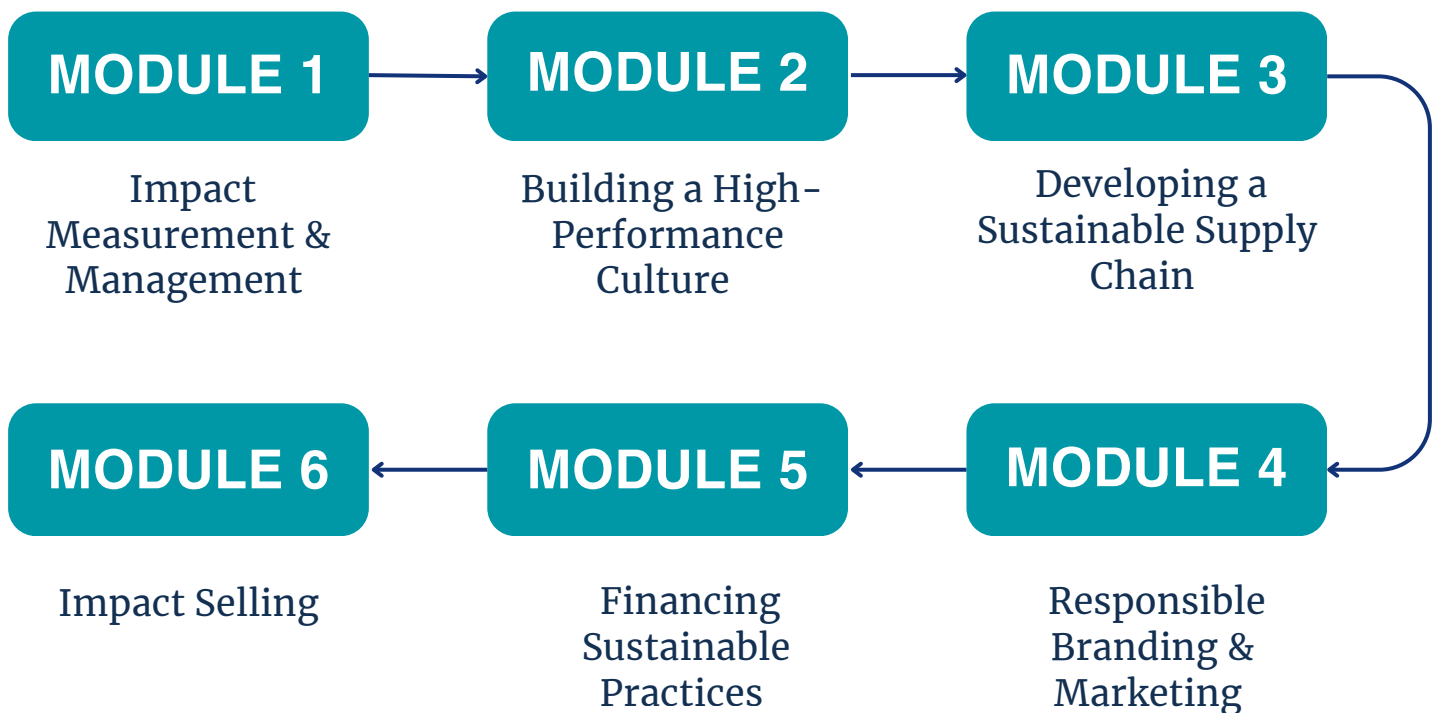

About the Program

The **Resilient Sustainable Business (RSB) Program** is an immersive, 9-week journey designed for African SMEs and individuals ready to turn sustainability into their greatest competitive advantage. We bridge the gap between **Impact and Profitability** by equipping you with immediate, actionable tools to track and measure success.

Through expert-led sessions, practical tools, and real-world application, RSB equips participants to strengthen their organisations and individuals from the inside out.

The Journey: 9-Week Program

A curriculum designed for action, not just theory.

"Voices of Change"

The RSB Program has been a transformative experience that helped me break down sustainability into clear, practical actions I can confidently apply in my day-to-day work. — Caroline Gichure, Sustainability Risk & Compliance Manager, African Originals - B Corp (Kenya)

"The program stands out as an essential and highly recommended first step toward building a Resilient, Sustainable Business, free from the risk of greenwashing." — Noormila, Chief Commercial Officer, Eureka (Mauritius)

"A powerful shift in mindset—from offering traditional accounting services to becoming a values-driven advisor helping SMEs embed sustainability." — Jean Max Appanah, MD, Jean Max Appanah & Co (Mauritius)

"Absolutely recommend it! It is a very safe space to learn, speak, and grow, supported by an amazing cohort." — Marie-Noelle Elissac-Foy, Founder & MD, The Talent Factory (Mauritius)

"A game-changer for anyone who wants to grow their business and simultaneously take cognisance of their sustainability and impact deliverables." — Ashleigh Dlamini, Director, Meraki Integrated Solutions (South Africa)
